

Darco Water upgrades to SGX Mainboard

- *Transfer to be effected on 7 May 2008*
- *Increase interest from a broader spectrum of sophisticated investors and institutional funds*

Singapore – 30 April 2008 – Darco Water Technologies Limited (the "Company" or "Darco" or the "Group"), a provider of integrated engineering and knowledge-based water treatment solutions, is pleased to announce that the Group has received in-principle approval from the Singapore Exchange Securities Trading Limited (SGX-ST) to transfer to the SGX Mainboard. The effective date of the transfer will be on the 7th May 2008.

"We are extremely pleased with the upgrade of Darco to the SGX Mainboard as it marks a significant milestone for us.

The move to the Mainboard will increase the interest in Darco from a broader spectrum of investors and institutional funds and in this respect, I would like to take this opportunity to thank our business partners, customers and the investing community for their continuous support and trust in Darco.

Moving forward, we endeavor to look into larger-scale projects to expand the business as we hope to continuously produce good sets of results every year."

- Mr. KM Thye, CEO of Darco

END

About Darco Water Technologies Limited

Listed on SGX Catalist in 2002, Darco is a provider of integrated engineering and knowledge-based water treatment solutions. Established in 1999 to design, fabricate, assemble, install, commission and service engineered water systems for industrial use in Singapore and Malaysia, Darco has developed systems and services based on both membrane and ion exchange technologies. Within a span of three years, Darco has formulated over 200 engineered water system solutions.

The Group, which has operations in Singapore, Malaysia, the PRC, Taiwan, Philippines and Indonesia, serves companies across diverse industries – electronics, semiconductor, textile, food and beverage, printed circuit board and pharmaceuticals and municipal water and wastewater projects.

Issued for and on behalf of Darco Water Technologies Ltd.
